

EZ Series® EZ Connect Quick Start

To start the EZ Series® In-Site® software installation, please insert the EZ In-Site CD included with the panel into the CD drive of the computer.

If the CD does not Auto Run please follow the steps below:

1. Click on “My Computer” on the computers desktop.
 - If you do not have an icon on your desktop go to the START button and then click on the “My Computer” icon.
2. Click on the AutoRun.exe application file.

After Auto Run is started please do the following to install the software:

- Install EZ Connect Panel software by clicking on the “Install EZ Connect” button and follow the on-screen prompts to finish the software installation.
 - Refer to the EZ Connect User Guide for use of the EZ Connect Software.
 - Click the “EZ Connect User Guide” button.
- Install the In-Site reporting software by clicking on the “Install In-Site Reporting” button and follow the on-screen prompts to finish the software installation.
 - Refer to the In-Site Reporting User Guide for specific information about the In-Site Reporting Application.
 - Click the “In-Site Reporting User Guide” button.

Refer to the included guides for more information about the installed software.
